# Clever features list

Sleek boards create a timeless and spacious aesthetic that offers simplicity and versatility making it suitable for a wide range of sizes and styles.

Part of the beauty of wood is the naturally occurring unique features, such as variety in colour, texture and grain. Real timber flooring means that there will be no repeating patterns anywhere in your room, with each board unique.

Real timber floors can be sanded and recoated to make them last a lifetime. It is possible to lightly scuff and recoat the top wear layer to remove minor wear, or thoroughly sand and recoat for heavier damage.

The overall combination will give an AAAC sound rating. A 6-star rating can reduce the rebound noise by up to 40%.
